Jordan (Studio Program)

4345 Jordan (Studio Program)

A warm and textural future classic, Jordan captures the beautifully weathered tones of one of the world's most storied locales. A welcome addition to the Brentano Studio Program, it pulls inspiration from Jordan's earthy hued slopes, rolling meadows and celestial sunsets. Sister fabric to Petra, Jordan features an intricate weave of light and dark yarns elaborately woven together creating a subtle, yet stunning color variation. This 56" width textile comes in 14 attractive colorways, all with a Tri-sistant finish and an abrasion resistance of 100,000 Double Rubs (Wyzenbeek, Cotton Duck). Jordan's smart, yet casual appeal makes it suitable for hospitality and residential projects alike.
