A designer's paradise! Provocative colors and an intriguing pattern sets Keys apart in an ocean of textiles, and its tough outdoor/indoor, contract performance makes it a go-to destination for distinctive design. The antibacterial, bleach cleanable upholstery passes over 70,000 double rubs (Wyzenbeek, Wire Screen), taking it from the backyard to the backs of café chairs. Each of the 14 colorways pairs two colors, one in the warp, one in the weft, that inspire: soft ivory, tropical pink and Little Duck yellow, cognac, heathered grays and linen-like neutrals with classic appeal. Keys has IMO Wheelmark certification.
