## 2425 Manderley

Artful use of color across a variety of threads create this composed but alluring upholstery fabric. Manderley features thick and thin slub yarns, resulting in a texture resembling a lively, ultra-modern tweed. Protected with Stain Resistant finishing, along with an abrasion resistance over 75,000 double rubs (Wyzenbeek, Cotton Duck), this 54" wide fabric's traditional look and 11 relevant colorways results in limitless possibilities.
