

9638 Marseille

Colors woven in close diagonal lines create the delightfully textured solid Marseille. With a soft hand and 6 enamoring colorways, this 54" width pattern pairs well with its sister patterns Loire, Calais and Seine. Coming in at 25,000 double rubs (Wyzenbeek, Cotton Duck) Marseille would be a lovely addition to residential designs, while also being eligible for our Tri-sistant finish, under our cut yardage finish program.
