Zen

2307 Zen

As soothing as a warm cup of aromatic tea, Zen is a divine infusion of beauty and bliss. Created as a coordinate to Meiping, the 55" upholstery pattern pulls a tealeaf detail from its intricate counterpart to create a soothingly simplified textile. Zen is available in nine colorways, including eight delicate hues that share the same yarn colors as its counterpart Meiping - such as Chamomile gold, Matcha green and Rosehip red. Constructed in the same manner as Meiping, in a blend of viscose, cotton, nylon and polyester, Zen also offers an abrasion resistance over 50,000 double rubs (Wyzenbeek, Cotton Duck). The small scale textile lends grace to the peaceful residential retreat or the elegant corner office.
