Cityscape

## 4565 Cityscape

Cityscape captures the urban landscape within a two dimensional textile form. Its 15 plus inch vertical repeat and 7 bold colorways reflect the complexities found in any major metropolitan city. The post-consumer recycled polyester yarns give the pattern its clarity while cotton offers softness and vivid colors as vibrant as a city at night. Built for high performance contract applications, the 54" upholstery has a nylon warp with a stain resistant finish and acrylic backing for an abrasion resistance of over 75,000 double rubs (Wyzenbeek, Cotton Duck).
