

6010 Gossamer

Add a delicate touch to window treatments with Gossamer, a 118" sheer available in basic, beautiful neutrals. This drapery uses polyester in the warp for structure, viscose in the weft for sheen, and angora yarns to give it a soft, superfine appearance. Gossamer can be treated to pass NFPA 701 Small Scale, which makes this stunningly elegant and remarkably affordable double-width sheer ideal for both residential and commercial interiors.
